

CHANGING HOW THE WORLD CLEANS

# POT & PAN WASH & PRESOAK

Pot & Pan Wash & Presoak is a versatile formula for presoaking and washing pots, pans, flatware, and other washable kitchen equipment. Works well in hard or soft water. This formula is effective at reducing water spotting on flatware and loosening cooked-on soils from pots and pans.

## FOR BEST RESULTS

### Pots/Pans:

Pre-soak baked-on, dried and encrusted items using 0.5oz per gallon of hot water in sink and allow to dwell 2-5 minutes depending on soil. Scrub with a sponge or pad and rinse all items, sanitize and dry.

### Stainless Flatware:

Add 0.5oz per gallon of hot water and allow to soak 1-2 minutes and then rack in containers and pass through a dishwasher.

*Contact your representative for specific application instructions.*

## FEATURES

- For use on pots, pans, stainless flatware, and silverware
- Effective on fats, oils, grease, sugars, proteins, lipids, and more
- For use in restaurants, commercial kitchens, factories, and food processing lines
- Natural, biodegradable, nontoxic, non-acidic, no fragrances added
- No intentionally added VOCs, petroleum products, or carcinogens

## RECOMMENDED DILUTION (PER GALLON OF WATER)

General Cleaning	0.5oz (1:256)
Heavy Cleaning	1oz (1:128)

Adjust as needed for heavy soils or grease.

Dilute with cold or room temperature water (depending on application). Improper dilution or use may result in damage to surfaces or increase the risk of health effects. Please dispose of excess or unused product in accordance with local, state or national legislation. /Diluir con agua fría o a temperatura ambiente (según la aplicación). Dilución o uso incorrecto puede provocar daños a las superficies o aumentar el riesgo de efectos sobre la salud. Deshágase del exceso o del producto no utilizado de acuerdo con la legislación local, estatal o nacional.

*Contact your representative for specific dilution instructions.*
